

GREAT AMONG THE NATIONS

Isaiah saw that it would come,
Beginning from Jerusalem,
In the last days, to every tongue,
To every nation.
And Daniel saw through prophet's eyes
A Kingdom that would never die,
A mountain that would fill the earth,
A rock that would endure...

CHORUS

**That would be great among the nations,
A fire from a spark.
So great among the nations,
Bringing sunlight to the dark.
And offering salvation
To a world of broken hearts.
Among the nations there would be
A movement that would change eternity**

The scholars looked for him in veign,
Their earthly king, he never came.
Instead a carpenter would start
A kingdom of the heart.
And beaten, bruised he stretched his hands,
As God became a dying man.
And King on cross was sacrificed
For the church his bride... CHORUS

And now this Kingdom is our own;
We bow before his heavenly throne,
And pledge our lives to his great cause:
To seek and save the lost.
And everywhere in every word,
We share with all who have not heard
About the truth that sets men free,
Which prophets longed to see... CHORUS
